Road Fund Licence

Please note that vehicles will feature model and engine badging which is not shown above

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO_2 emissions. A first year rate of Vehicle Excise Duty applies to new cars on their first year of registration. For the second and subsequent years a standard rate for each taxation band will apply.[1] The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence.[2] CO_2 emissions are listed in the technical data on pages 60 and 64 and the relevant Excise Duty is reflected in the on-the-road prices on pages 10 and 11.

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects[1] and up to 30 years warranty against perforation due to corrosion from the inside out.[2] What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.[2]

Mercedes me

The Mercedes that thinks and acts for you.

Imagine if...

...you could connect with your Mercedes-Benz?
With Mercedes connect me, you can; with Remote Online services[1] that include trip planning, maintenance management and vehicle tracking, plus more.

Getting connected is easy. Just set up your Mercedes me account and get in touch with your Mercedes-Benz Retailer to connect your vehicle to your profile to access your Mercedes connect me services.

...you knew beforehand that you need to stop for fuel?
Simply check the fuel level and mileage range from your phone wherever you are. You can also check tyre pressure and washer fluid level. (For electric cars, you can check battery charge state.)

...your Mercedes could tell you where it's parked?
You no longer need to ask yourself where you left your car; with Mercedes connect me you can locate your car from your smartphone or tablet within a mile radius.

...you could lock your Mercedes, even if you're miles away?
The uncertainty of whether you've forgotten to lock the car is only human. To make sure your Mercedes-Benz is safe and secure, you can simply lock the car remotely via your PC/Mac, tablet or smartphone.

...your Mercedes told you when your service is due?

Being connected means essential data is constantly sent to your Mercedes-Benz Retailer so they know when it is time for a service. Your Retailer can then contact you with a tailor-made service quote.

...your Retailer already knows which parts need replacing?

As surprising as this sounds, with telediagnostics your Retailer can recognise remotely if certain parts are due for replacement, contacting you to book an appointment and making sure the relevant parts are in stock when you arrive, getting you back on the road as quickly as possible.

...you could just push a button to deal with a breakdown?

Should your car break down, with a simple press of the button everything is taken care of – from breakdown assistance to vehicle recovery.

...your Mercedes called for help?

Your Mercedes comes with an SOS button. Press it if you need urgent help and you will be contacted by the emergency response centre.[2] In the event of an accident where airbags or seatbelt tensioners have been activated, a call is placed automatically. Your GPS position is sent to the response teams to initiate rescue efforts.[3]

The Mercedes that thinks and acts for you.

Contact your Retailer to get connected, or go to **www.mercedes.me** for more details.

Mercedes-Benz Finance and Insurance

Choosing the colour of your Mercedes-Benz can be difficult. Fortunately, financing it isn't

So you've chosen your new Mercedes-Benz and you've finally settled on a colour. The good news is you've done the hard part. Now simply sit down with one of our Business Managers and they'll be happy to guide you through our range of finance packages, service options and insurance cover.

At Mercedes-Benz Finance, we're not in the business of simply providing a loan to fund the purchase of your dream car. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

You should find our finance packages are more convenient than a traditional personal loan. They are:

- **Quick and easy to arrange.** On average, approved credit applications are processed within 18 minutes.[1]
- **Immediately available.** With no waiting for cheques or loans to clear.
- **No security on your home required.** You will not be required to provide us with any security against your house as a condition of taking out the finance agreement.
- **Clear and transparent.** Other lenders may offer you a higher APR to the one you applied for based on your credit status. With Mercedes-Benz Finance, where we advertise an APR this is the APR you will receive if your credit application is successful.
- **Guarantee the future value of your car.** Our Personal Contract Purchase plan, Mercedes-Benz Agility, features a future guaranteed value, which provides you with protection against the risk of depreciation and also makes your payments more affordable.
